WORK EXPERIENCE

Backend Developer - GS Tech Hub (Remote)

2025 – 2026

- Worked on the backend of three major products, including a crowdfunding investment platform, the crowdfunding investment admin dashboard, and the company's official website.
- Developed and integrated backend APIs, ensuring seamless communication between frontend and backend systems.
- Documented features, technical implementations, and development workflows to improve knowledge sharing.

Backend Developer - Neominds (Remote)

2026

- Built scalable backend services to support frontend functionality.
- Integrated frontend applications with backend services and third-party APIs.
- Debugged, tested, and resolved software issues to improve application stability and performance.

Backend Developer - Learn2Earn (onsite)

2025 – 2026

- Collaborated with fellow developers on programming projects.
- Participated in regular technical assessments, code reviews, and performance evaluations.
- Strengthened problem-solving, debugging, and analytical skills through real-world programming exercises.

Backend Developer - Freelance (Remote)

2022 – 2026

- Designed, developed, and deployed custom web applications for clients across multiple industries.
- Integrated third-party APIs, authentication systems, payment gateways, and cloud-based services.
- Produced technical documentation and provided ongoing support for deployed solutions.

CORE COMPETENCE

- Problem Solving
- Team Collaboration
- Continuous Learning
- Attention to Detail
- Communication
- Adaptability
